ARCQE Presents

Brain Play

Did you ever think of play as constructive brain surgery?

Early emotional and social experiences are as important to the wiring of the brain as intellectual experiences which can be enhanced by play experiences based on expressed

This workshop focuses on the affects of positive play experiences on the development of a child's brain.

Workshop Objectives:

- 1: Participants will take a general look at parts of early brain development.
- 2: Review different learning styles.
- 3: Reflect on how Play supports healthy brain development for the whole child.

Fee: \$40.00 PTL Program Member \$60.00 Non-Member • Handouts relating to the workshop. • Course certificate for successful completion of the workshop.
